DECISION ON PETITION  
TO WITHDRAW HOLDING OF  
ABANDONMENT

This is a decision on the petition filed January 31, 2005 which is treated as a Petition to Withdraw Holding of Abandonment pursuant to 37 C.F.R. § 1.181(a). No fee is required.

The petition is **GRANTED**.

The application was abandoned for failure to respond in a timely and effective manner to the Notice of Non-Compliant Amendment mailed October 23, 2003. A Notice of Abandonment was mailed on December 14, 2004.

Petitioner asserts that a proper response to the Notice of Non-Compliant Amendment was timely filed on November 5, 2003. In support of the petition, petitioner has submitted a copy of applicant's response along with a copy of a date-stamped post card receipt evidencing receipt of the response within the United States Patent & Trademark Office on November 10, 2003. A review of the file record indicates that the original response has been recently located and entered into the file.

Accordingly, the petition is **GRANTED**.

Therefore, the abandonment was the result of an Office error in not timely matching the response to the application file and therefore the application was not abandoned in fact. The Notice of Abandonment is hereby vacated and the holding of abandonment withdrawn. The Office regrets any inconvenience caused by the mailing of the Notice of Abandonment.

The application file is being forwarded to the examiner for appropriate action in due course.
